PREFACE

This publication is a functional reference guide to leading officials of the Soviet Ministry of Defense and the Armed Forces. Names and positions reflect information received from unclassified sources as of 1 March 1980. The date an individual assumed his position is listed in the *Position* column. Dates preceded by *ap* are dates of appointment and those preceded by *id* are dates of first identification in a position. Day, month and year are given when available. Only the last two digits of the year are listed. The date of birth, when available, is listed in the *Birth* column.

Two tables follow this preface. The first lists military officers who have been appointed to membership on high-level bodies of the Communist Party of the Soviet Union, including its Politburo, Central Committee and Central Auditing Commission. The second is a key to the military rank abbreviations used in this publication; the ranks reflect Soviet nomenclature rather than US military equivalents, and Russian terms are included in the key.

Users of the directory are encouraged to notify the issuing office of omissions or errors or of new information that becomes available so that appropriate changes can be made in the next edition. This publication supersedes the *Directory of USSR Ministry of Defense and Armed Forces Officials*, CR 78-15073, October 1978.
